## PROFESSIONAL SUMMARY

---

MCA graduate with hands-on programming experience in PHP (Laravel), HTML, CSS, and JavaScript. Practical experience building and maintaining full-stack web applications, integrating frontend interfaces with PHP backend logic, and using Bootstrap for responsive design. Comfortable working with dynamic, interactive UI elements; solid fundamentals in clean code, debugging, and problem-solving, with a quick-learning, detail-oriented approach.

## TECHNICAL SKILLS

---

**Programming:** PHP, JavaScript, SQL, HTML, CSS

**Frameworks & Libraries:** Laravel (PHP), Bootstrap

**Frontend:** Responsive Design, Dynamic UI Development, DOM-driven Interactivity

**Core Concepts:** OOP, MVC Architecture, API Integration, Debugging

**Database:** MySQL — SQL queries, CRUD operations, schema design

**Version Control & Tools:** Git, GitHub, VS Code

**Programming Exposure:** Basic Java, Python (HackerRank certified)

## WORK EXPERIENCE

---

### Darshand Digital Solution, Pune – Junior Web Developer

Jan 2026 - Jun 2026

- Designed, developed, and maintained backend modules using PHP (Laravel), by building MVC-based application logic across 2 full-stack projects.
- Built and consumed RESTful data flows connecting backend logic to frontend interfaces, by integrating PHP APIs with JavaScript-driven UI components.
- Wrote clean, reusable, and maintainable code, by applying OOP and MVC principles across both backend and frontend layers.
- Worked with MySQL databases, by writing and optimizing SQL queries for CRUD operations and application data integrity.
- Debugged and resolved issues throughout the development lifecycle, by systematically testing features and fixing production-related bugs.

## PROJECTS

---

**Classroom Management System** [github.com/prachiagashe/classroom\\_management](https://github.com/prachiagashe/classroom_management) - PHP (Laravel), MySQL, HTML, CSS, JavaScript

- Developed backend modules using PHP (Laravel) MVC architecture, by building application logic for enquiries, admissions, fees, attendance, and batch allocation across 4 user roles.
- Built RESTful data flows between backend and frontend, by connecting MySQL-backed APIs to dashboard and reporting components.
- Wrote and optimized SQL queries, by designing MySQL schemas and CRUD operations to support core application features.

**Dealer Management System (DMS)** - PHP (Laravel), MySQL, HTML, CSS, JavaScript

- Built backend modules and RESTful data flows for product, inventory, and order management, by developing PHP (Laravel) APIs consumed by JavaScript-driven frontend components.
- Designed and queried MySQL schemas, by writing CRUD-based SQL for dashboard and reporting features with reliable, consistent data.

## EDUCATION

---

MCA - Suryadatta Institute of Management and Mass Communication, Pune | 2024 - 2026 | CGPA: 8.52

BCA - Dhote Bandhu Science College, Gondia | 2021 - 2024 | 71.02%

12th - Dhote Bandhu Science College, Gondia | 2021 | 84.78%

10th - Adarsh Vidyalaya Gondmohadi | 2019 | 78.80%

## CERTIFICATIONS

---

- Certified in Bootstrap - Spoken Tutorial Program
- Webinar on Cloud Technologies, Information Security & Future Opportunities
- Participation Certificate - Battle with Code, SIMMC, Pune
- HackerRank Certificate in Python and basic Java

## ADDITIONAL INFORMATION

---

Languages: English, Hindi, Marathi      Date of Birth: 12 May 2003
